Audubon's Vision The Raven and The Crow

Across mythologies and cultures, the raven is a figure of mystery and folklore. When Audubon gazed upon a lone raven perched high in bare branches, perhaps he felt the same ancient chill of legend: that this bird was more than a natural creature—it carried myth in its wings.

Raven

\$2,240.00

More than Superstition

Audubon approached his prints not merely as scientific records but as artworks imbued with life, behavior and context. The bird's posture, gaze and setting all speak. In his plates of the Raven and the American Crow, he lifts these birds from superstition into dignity, intelligence, wildness.

Nº 45.

PL 221.

Common Purple Crow-Blackbird

1 Male - 2 Females

American - Kansas, Kans.

Drawn from Nature by J. Audubon & J. E. Audubon

Engraved & Col'd by J. E. Audubon, Dublin
